

Netflix's stock profile (2017)

CONTENTS

- The distribution of the stock prices for Netflix in 2017
- Netflix stock and revenue for the past four quarters and a summary
- Netflix's 2017 earned versus actual earnings per share
- Netflix stock against the Dow Jones stock

In 2017, Netflix's stock prices generally increased as the year went on. The widest distribution of closing stock price is observed in the third quarter.

In 2017, estimated quarterly earning per share in cents followed closely with actual figures. In the second and fourth quarters, actual figures were the same as predicted.

Netflix's earnings increased relatively to its revenue from 2017 (second to fourth) to 2018 first quarters

In 2017, Netflix generally followed the trend of the stock market index (Dow Jones) of large publicly owned companies.
